

HOW IT WORKS -

Times are for races run in the calendar year 2023

For your time to qualify -

- a. You should be a paid up member of DRR at the time of your run
 - b. You should be running with DRR as your nominated "club" in your race . If you are running under the name of another Scottish Athletics club, your time will not qualify
 - c. Your time should be from a recognised race, and the distance should be recognised by the governing body of the location where the race is held. Where races are subsequently found to be under-measured, the time will not qualify
 - d. All parkruns qualify. Please make sure your are running under the name of Dundee Road Runners AC as your club to qualify. (This makes finding you in results a lot easier)
 - e. Whilst we will endeavour to add your times from all DRR races, Grand Prix races and other well known events, it is your responsibility to notify the club of your fastest times. You can email the [club inbox](#) or post on the DRR Facebook page
- Race reports are encouraged.

Times will be used for the calculation of Age Grade Standards for the year. Details of the required standards for each age category are on the club website
